

Changes to the printed program of the 46th EPS Plasma Physics conference

Updated: July 8th, 2019

Please note that the most up-to-date version of the program is always on the conference website www.epsplasma2019.eu and on the Conference4Me mobile APP.

The changes to the printed version of the program are the following:

ORAL Presentations

Tuesday **LTPD** Aula U6-07 | 11:40-12:40

- Added **O2.304 G. Yamada**
Spectroscopic Diagnostics of Nitrogen Plasma Flow with Surface Ablation
- **O2.101 T.A. Lunt** Title modified
Alternative divertor configurations - physics basis and plans for ASDEX Upgrade

Wednesday **LTPD** Aula U6-07 | 11:40-12:55

- Added **O3.305 T. Ravensbergen**
Real-time control of the CIII emission front using MANTIS

Friday **LTPD** Aula U6-07 | 11:40-12:40

- Added **O5.303 C. Ionita**
Concentric double hollow grid cathode discharges

POSTER Presentations

Withdrawals:

- Thursday: **P2.1013**
- Thursday: **P4.2008, P4.3032**
- Friday: **P5.1070**

P4.3032 has been upgraded to **O3.304**
P4.2005 will be presented by J. Dostal
